

DART's Paratransit Prepay

3-Steps to get started...

Paratransit Prepay is a **NEW** web-based method of paying for DART Paratransit Trips in advance, using a Credit or Debit card.

1. Activate Your Account

To setup a Prepay Account, you must first call Reservations to let them know you would like to use Prepay. You will need a Credit or Debit card and email address to participate in Prepay.

Reservations will activate your Prepay account, allowing you to login and enter your details at <https://dartfirststate.com/app/dtcpyrepay>.

This step must be completed first, for you to be able to login and set up an account.

2. Login to Your Account

Visit: dartfirststate.com/app/dtcpyrepay
Enter your Paratransit Client ID number and PIN to login. **For more information, see the Prepay FAQs when you login.**

3. Select a Deposit Method

Have your Credit or Debit card information ready - choose a deposit type, then click 'GO' on the dashboard to setup payment details and amount.

By selecting either a **One-Time Deposit (one time charge)**, or setting up a convenient **Recurring Deposit (to auto replenish your account)**, you will receive email confirmation from DART Prepay when the transaction has been made and a second email when the funds are available to use to pay for your Paratransit trips!

For more information visit Paratransit Prepay under Paratransit Information at dartfirststate.com/RiderInfo/Paratransit/ or call 1-800-553-3278 (DART)
