

The native viewer in Firefox will not display PDF files with forms, do the following to fix

- In Firefox, choose Tools > Options.
- In the Options dialog, click Applications.
- In the Applications tab, type PDF in the search field.
- For Portable Document Format (PDF) content type in the search result, select Use Adobe Acrobat (in Firefox) from the Action drop-down list.
- Click OK.
- Restart Firefox

The native viewer in Chrome will not display PDF files with forms, do the following to fix
